### **Purpose of Role**

The primary responsibility of trustees is to provide the organisation with strategic leadership and maintain a governance perspective to ensure it is well managed and administered, and resources are used appropriately. Each trustee should use any specific skills, knowledge or experience they have to help the board of trustees reach sound decisions. This will involve scrutinising board papers before meetings, leading discussions, focusing on key issues, and providing advice and guidance requested by the board on new initiatives or other issues relevant to the area of the organisation's work in which the trustee has special expertise.

### **Specific duties**

- To ensure that the charity pursues its objects as defined in the memorandum and articles of association and to set and maintain its vision, mission and values.
- To ensure that Carers in Bedfordshire complies at all times with its governing document, charity law, company law and any other relevant legislation or regulations.
- To exercise proper financial control and ensure the organisation applies its resources exclusively in pursuing its objects.
- To ensure the financial stability of the organisation and the proper investment of the organisation's funds.
- To give firm strategic direction to the organisation, setting overall policy, defining goals, setting targets and evaluating performance against agreed targets.
- To ensure accountability and take collective responsibility for the actions of the organisation and other trustees.
- To maintain effective board performance and ensure the effective and efficient administration of the charity.
- To safeguard the good name and values of the organisation and declare any conflict of interest while carrying out the duties of a trustee.
- To attend meetings and read papers in advance of meetings.
- To keep informed about the activities of the organisation and wider issues which affect its work.
- To participate in other tasks as they arise from time to time, such as interviewing new staff, representing the organisation at appropriate events, meetings or functions.

This section sets out the key skills, knowledge and experience required from Trustees at CIB. They represent the personal attributes that support a Trustee’s approach to a Board related situation. They are intended to support good governance and effective decision-making

**Not all the skills/experience criteria will need to be demonstrated to the same level by each individual Trustee as the Board works as a team to support the charity. Volunteering as a trustee will provide you with the opportunity to strengthen your skills and experience.**
