Carers in bedfordshire

# TRUSTEE OPPORTUNITY

## Property development, planning and commercial expertise

We are seeking a trustee with experience in one or more of the following areas:

- Commercial property development.
- Planning and construction projects.
- Architecture or sustainable building design.
- Commercial real estate.
- Business growth and investment planning.
- Financial modelling and commercial strategy.

As part of our longer-term strategic ambitions, the charity is exploring opportunities to develop a dedicated respite and wellbeing centre for carers.

A trustee with experience of major capital projects, feasibility studies, planning processes and commercial development would provide invaluable strategic challenge and support as these plans evolve. Existing strategic planning work has already identified the importance of commercial construction, real estate and business planning expertise to help shape this vision
